## Designed to Save You Time

For healthcare foodservice directors and registered dietitians, time is one of the greatest challenges. In a healthcare environment that demands you do more for less, revenue and satisfaction issues take top priority. Frequently, marketing your foodservice department and developing employee in-service training materials take a back seat. The **Imprints**® program was created to help you meet that challenge.

## CREATED BY REGISTERED DIETITIANS

The **Imprints** binder provides a wealth of easy-to-understand nutrition, lifestyle and foodservice information, as well as in-service and training materials, which were developed by registered dietitians and are based on input from foodservice professionals nationwide.
