IS YOUR
MENU CUSTOMIZED TO FIT YOUR NEEDS?

Recipes-On-Demand® is an easy to use online recipe database from US Foods®. This solution is an essential part of our Blueprint Menu Management System® and allows access to over 9,500 recipes ideal for healthcare.

Recipes-On-Demand offers the ability to:

- ○ Search, view, print, and save custom US Foods recipes
- ○ Quantify recipes according to your needs
- ○ View the nutritional information for each recipe
- ○ Print the recipe nutrition information in nutrition facts label

This solution provides easy on-line access allowing you to print the recipes anytime, anywhere. Recipes On-Demand streamlines your operations and delivers cost savings by eliminating the need to order hard copy recipes. This feature also supports sustainability initiatives by reducing the amount of paperwaste created.

Get started with Recipes-On-Demand today!

Recipes-On-Demand is available at no cost exclusively to US Foods customers. For more information, contact your US Foods representative or call 1-800-347-MENU.
