### Insights

This slaw brings together six products that are packed with nutrients and flavor – and trending up. Kohlrabi (with taste and texture similar to broccoli stem or cabbage heart but milder and sweeter) is a bona fide new superfood, with menu penetration up more than 200% in one year. Use of kale as an ingredient is up 71% since last year, and Brussels sprouts are up 58 percent. With superfoods appearing in everything from the center of the plate to smoothies, our Superfood Slaw is right on target.

### Menu It/Uses

Incredibly versatile. Use in coleslaw (add mayo, horseradish and scallions for a twist on a classic), salads, side dishes, chicken, beef or shrimp stir frys, pulled pork reubens or vegan tacos.
