## Wawona Packing Recall Extension – Class I

---

### At a Glance

North Country Produce, a redistributer for Wawona Packing, issued a recall for fresh California Peaches under the brand name Sweet2Eat which may be contaminated with *Listeria*. No illnesses have been reported.

---

### The Issue

This is an extension of the Wawona Packing Class I Recall issued on July 19th after the processor found traces of *Listeria* on their packing equipment. North Country Produce was impacted after the original recall was expanded to include fruit processed through July 17<sup>th</sup>.

---

### Are You Impacted?

US Foods' number one priority is to notify any customer impacted by a recall. While US Foods was unaffected by the original Wawona recall of fresh fruit, US Foods executed a recall from Wawona Frozen Foods (a separate company) immediately after notification back in July and we are doing the same with this Recall extension. Our distribution centers affected by this recall have already begun to contact affected customers. If you purchased a recalled product from us, you will be contacted shortly, or have already been contacted. If you purchased products elsewhere, use the information above to check with your supplier.

---

### What You Can Do

- Avoid eating or serving any recalled products.
- Do not use any of these products as ingredients in recipes, even if cooked.
- Follow instructions to discard or return recalled product.
- Discard recalled products in a manner that prevents others from eating them.
- Persons who think they may have become ill with a food-borne illness should consult their health care providers.
- Review your own internal recall procedures; does your staff know what to do if they receive notice that a product is being recalled? Typically only specific lot codes are affected.
- Purchase all of your supplies from a company with a robust recall program that can keep you aware of recall and food safety issues.
- Help us serve you better. Provide your distribution center with a valid e-mail address so we may provide you with recall information faster.

---

### US Foods Policy

This **Fast Facts** is based on the best available information when written. Recalls can be expanded or impact additional products as additional suppliers verify their own supply chains. An updated **Fast Facts** will be provided as new information becomes available. US Foods will only contact customers IF they purchased recalled products from us.
